

Special Notice for 2018 Greater New York Dinghy Regatta

Unfortunately, due to circumstances out of our control, it appears as though our sailing facility (Morris Yacht & Beach Club) will not have their docks in before the regatta this weekend. As such, we will be running rotations off of our launching beach. This means you will need to get waist deep during every rotation so plan accordingly. I would highly encourage drysuits as opposed to any spray gear.

We will run 3 race sets to minimize the number of rotations
