

## Livestream Coverage of the 43<sup>rd</sup> Atlantic Coast Dinghy Championship

With thanks to the MIT Mechanical Engineering/ Ocean Engineering we are pleased to bring livestream coverage of the race starts from a drone above the starting line. The large screen at the sailing pavilion will broadcast during the day and it is also available on your mobile devices. Please stay clear of the drone landing area on the east dock area as we will need to replenish batteries frequently.

Day 1: <https://youtu.be/8zTboppmaqU>

Day 2: <https://youtu.be/VnyIBUW9qt0>
