

## GUIDANCE FOR REGATTA DAY OPERATION – 9/11-12/21

All events will follow Medical Guidance for ICSA Competition.

### VISITING TEAM INFORMATION:

- Face masks are mandatory for ALL individuals while indoors on campus.
- To the greatest extent practicable, all sailors and coaches will stay socially distant from visiting schools when on land.
- Sailors/teams will rotate boats.

### SPECTATORS:

- Spectators and fans can come to the regatta and leave promptly after the regatta. Spectators may observe racing from the roof deck only. Access to a bathroom is available on the roofdeck.

## SKIPPERS MEETING NOTES

**Channel/Current:** Be aware of the shipping channel. Occasionally there is commercial traffic. It gets really deep in the middle and there is a lot of current: High on Sat. 12:03 PM, Sunday 12:59 PM

**Warnings:** Do not sail far from the float toward the shore, there are big rocks there.

**Starts:** Remind competitors that the 1 minute rule is always in effect after a general recall. The RWU Burgee serves at the line sight from the boat end of the line.

**Coaching:** Coaching will be available between races. Coaches will be on land.

**Courses and Course Area:** See Techscore. [Fleet Racing Note](#) the gate mark that is not part of the start, but is part of the finish. Marks are orange balls. We'll try to race as close and conveniently to the learning platform as possible, but realistically go where ever the best breeze is.

**Lunch Break:** There is no lunch break scheduled. Eat during your off-set.

**Parking:** YOU CAN NOT PARK IN THE DRIVEWAY TO THE SAILING CENTER. [Parking](#) is available at the waterfront where ever you can find space, but keep the walking path and the beach clear. The spots along Bayside (Lot 13) are fair game. Otherwise you can park in the lot behind the mail room (Lot 11 & 12).

**Sails and sail bags:** Please tie the sail bags to the dock.

**Water bottle filler:** The water fountain/bottle filler is on the mid-level.

**Rotations:** With a northerly breeze we can rotate off the Learning Platform. Take off the VANG when you land on the dock to rotate. DO NOT STEP ON THE BOW OF THE SAILBOATS.

**Rudder Tie Ins:** You will not get redress if you capsize and your rudder falls out of the boat. Please make sure it is tied in.

***Gear storage:*** Please keep all gear in the boat storage area rather than the classroom. Everyone is of course welcome to use the classroom WITH A MASK ON and deck. Just keep those areas free of gear.

***MNS:*** We share the waterfront with Marine and Natural Sciences, please be respectful of their gear in the water and on the dock.
