

**Venue:**

We sail out of Morris Yacht & Beach Club on City Island. The address is: 25 City Island Ave. Bronx, NY 10464

Please remember that we do not own this venue. You are sailing at a private yacht club and should treat it as such.

- Pick up after yourselves
- Keep all gear in your vans and not on the lawn or in the locker room
- Change in the locker room or in your van, not on the lawn or in the parking lot

Please do not arrive until 9:45. We will not open the gate before then. There will be plenty of time to get rigged and changed before racing

**Boats:**

Our boats are 5 years old and have been sailed for 4 of those years. We checked all the boats over this week and equalized our rigs but there could be issues. Please check your boat over and let a Fordham sailor know if you have any issues.

A few things to note

- We have a rocky beach launch. You are going to need to get knee deep. Please don't put your rudder in until the boat is in the water and please don't put your rudder/centerboard down until you have cleared the beach. Likewise, on your way in, raise your blades so they don't scrape the rocks
- Please make sure your rudders are clipped into the stern clip or tied in as necessary
- All our boats have stern bumpers made from swim noodles. Please have them on whenever you are moving the boat. Hang them on the fence at the bottom of the ramp when you launch

**Racing:**

Rotation and RP forms will be on techscore

**Unmarked Rock**

There is an unmarked rock near where we will hold racing. Please see the diagram on techscore
