

## GPS Trackers

All boats will pick up trackers on Saturday morning prior to the competitors meeting. Please try not to press any of the buttons on the tracker once you have received it. The tracker **must be attached to the mast** of the ILCA 6 or 7. Please use electrical tape or similar to secure your tracker to the mast. There is also a carabiner that you should use to secure the tracker to your boat. Please leave trackers attached to the boat at the end of racing on Saturday. At the conclusion of racing on Sunday all trackers must be returned to the ODU Sailing Center Classroom.

Live tracking link:

[https://www.tractrac.com/event-page/event\\_20221105\\_CollegeSai/2496](https://www.tractrac.com/event-page/event_20221105_CollegeSai/2496)

We are providing trackers to enhance the event and give sailors, coaches, fans a way to view racing from near and far. If you enjoyed the service and would like to help offset the cost please donate here:
