

Notice on the intended format and contingencies:

The following is for information purposes only, and is not intended to be a change to the Sailing Instructions or the Championship Conditions.

It is the intention of the OA to attempt to complete the format as stated in the Championship Conditions and Sailing Instructions:

Stage 1: A round robin of all 15 Teams

Stage 2: A round robin of the top 6 Teams from Stage 1

Stage 3: A round robin of the top 4 Teams from Stage 2

After exhaustive work, it has been determined that creating a round of 15 teams with mini-groups of 7 or 8 would add approximately 1 hour to the format as opposed to a simple Round Robin of the 15 teams. Should we get limited racing in on day 1, and the completion of a full Round Robin of the 15 teams does not seem achievable, the OA may decide to revert back to the mini-round format as described in SI. 5.4.

If this occurs, any races for the mini rounds already completed from the original round robin will be used.

Any changes to the format will be communicated to all teams by the ICOSA Rep, and posted on the Official Notice Board.
