

Teams may access the waterfront via the main entrance of the Conn College athletic center hanging right down the hill or via the dirt road entrance. At approximately 11 am on Saturday the gate will be closed at the top of the hill to allow access for emergency vehicles and to avoid congestion on the paved road. During the day teams may leave and enter via the dirt road.

Teams may park their vehicles along the water across the railroad tracks, once they have arrived at the venue. If you are the first team to arrive please pull up as far as possible to allow more space for other vehicles.

Parking spaces in the gravel lot will be reserved for umpires.
